EXTRACURRICULAR ACTIVITIES AND MINISTRIES

You'll find out quickly that there are tons of opportunities to get involved. Here are some opportunities to consider along with how you should prepare:

Department of Music and Worship Ensembles

Auditions for our eight vocal or instrumental ensembles will take place Sunday, August 19. All students who love to play or sing, and desire to improve their skills and/or take private lessons, should sign up. Nonmusic majors make up a large percentage of our ensembles, so get involved! Auditions are intentionally brief and relaxed.

Auditions will consist of:

Vocal (approximately five minutes)

- Singing a capella one verse of a hymn, chorus, or vocal solo
- Vocalizing to check your vocal range
- Sight reading a short melody to demonstrate how well you read music
- A brief interview to allow the directors to get to know you

Instrumental (approximately 10 minutes)

- Playing a prepared piece of your choice (you may use a hymn or chorus)
- Playing several major scales
- Sight reading to demonstrate how well you read music (we know you may be rusty!)
- A brief interview to allow the directors to get to know you

Practice rooms are available near room 149 (choral room) in the Dixon Ministry Center (DMC).

Sign up at the Department of Music and Worship table on Friday or Saturday during Welcome to the 'Ville, or sign up at DMC 125 on Sunday afternoon.

You may borrow an instrument from the University for your audition. If you earn a spot in the ensemble, you may also rent an instrument for the duration of the school year.

For more details about the ensembles, rehearsal schedules, and specific contact information, see page 5.

HeartSong Ministries

Four HeartSong teams from the Christian Ministries Division travel 10 weekends throughout the school year and for 10 weeks during the summer. They meet approximately six hours each week for rehearsals and training. Everything you need to know about auditions can be found online. For more information about HeartSong, see page 8.

cedarville.edu/heartsong

Debate

Our intercollegiate debate team is made up of students from all majors. If you want to critically think through and engage issues from multiple perspectives, sign up for an audition when you arrive on campus. No previous debate experience or audition preparation is necessary. For more information, see page 6.

Speech Team

Sign up for an audition time with Cedarville's intercollegiate speech team when you arrive. The audition consists of a letter of recommendation, a brief interview, and a performance (memorized speech and oral interpretation with script). For more information, see page 6.

CENTENNIAL LIBRARY

The Centennial Library is the place to come for help with your college research and course work. Register to compete in the Centennial Library's Amazing Race on either Monday, August 19, or Tuesday, August 20. This unique, one-hour orientation will show you how to access books, journals, media, electronic resources, and more. Meet the librarians and staff members who can help you use these resources. Free ice cream bars for all participants!

TECHNOLOGY AND MOBILE RESOURCES

Self-Provided Computer (SPC)

You will have the option this summer to request a University-provided computer for your residence hall room. We also provide University-owned computers and black-and-white laser printers in the computer labs. Even so, many students bring their own laptop, desktop computer, personal printer, or tablet device. We support both Mac and PC systems. Here are the recommended preparations for your SPC:

- Use your CedarNet username and password to download free software for your Windows and Mac systems at cedarville.edu/spcsoftware.
- Install virus and malware protection and verify that it is up-to-date.
- Make sure that your Windows SPC is current on all Windows updates.
- Mac SPC users should run "Software Update" from the Apple menu.

Find additional SPC resources online or call SPC support.

MUSIC OPPORTUNITIES

Whether you want to be involved in a choral or instrumental ensemble, participate in chapel music, or play around campus, here are some opportunities for you to pursue.

Department of Music and Worship Ensembles

See page 2 for details and audition information.

OneVoice Gospel Choir

One of the most passionate and expressive groups on campus, this group performs a variety of music styles and genres, creating a high-energy environment of worship that celebrates the diversity at Cedarville and within the body of Christ. The choir is open to all students (no audition required) ... and even some Cedarville staff members participate! OneVoice maintains regular ministry in chapel, at local churches and conferences, and around the world through missions trips. Watch your email in August for an opportunity to try out OneVoice at an informational meeting and rehearsal.

cedarville.edu/onevoice

Chapel Music

Chapel meets each weekday at 10 a.m. and is a foundational part of the Cedarville experience. Services include a mix of celebration, prayer, worship, music, and great speakers. Our 3,500-seat auditorium serves as a dynamic place for the Cedarville family to be together five days a week. Some days we laugh together, some days we cry together, but each day we worship and celebrate God's incredible grace toward us.

Many students throughout the year have an opportunity to be involved in chapel by providing special music and leading worship. Several designated worship leaders put together praise bands that rotate through the chapel schedule. If you're interested in being involved in chapel music, plan to attend an informational meeting at the start of the school year.

Interruption

Part of Thursday Night Live (TNL), Interruption is a concert series that highlights the artistic talents of the student body. Students enjoy studying or hanging out with friends and using this relaxed environment as an interruption from the busyness of college life. Auditions will be held on Saturday, August 31. Please stop by the SSC Information Desk to sign up for an audition.

cedarville.edu/cedarvilleexperience

MINISTRY INVOLVEMENT

We believe that individual ministry involvement is a vital part of each student's education and spiritual growth. Ministry isn't required, but if you go through your years at Cedarville without getting involved in a ministry, you will have missed

out on wonderful opportunities to serve God, exercise your gifts, and grow in your faith. In short, you won't experience a Cedarville education to its fullest.

Each week freshmen and sophomores are asked, via an online survey, to list the church where they worshipped and at least two other spiritual formation activities. Ministries through the Christian Ministries Division qualify as spiritual formation activities. Here's some advice for connecting with the ministry that's right for you:

- Think about your vocational goals. Many ministries relate to the majors offered at Cedarville. A ministry related to your chosen field can help you decide if you have made the right choice and, in some cases, may lead to an internship, a reference, or employment.
- Consider your interests. Look carefully at those ministries that fit your passion, personality, talents, and spiritual gifts, as well as your schedule.
- Ask an upperclassman about his or her experience in the ministry you are considering.
- Talk with the Christian Ministries staff.

Community Ministries

Are you looking for an opportunity to serve with a local church, community outreach, or spring break ministry team? Community ministry teams are formed during the first few weeks of fall semester. Teams travel to the same location each week throughout the year to assist in all types of ministries and apply lessons learned in chapel and the classroom to real-life ministry settings. You will also have the opportunity to join a spring break ministry team. These teams serve alongside ministries like Inner City Impact (Chicago), Urban Hope (Philadelphia), Service Over Self (Memphis), and Shepherds Ministries (Wisconsin). Community ministry teams provide an opportunity to express your love for God by loving and serving others!

cedarville.edu/community

Student Involvement Fair — Friday, August 23, 6–8 p.m.

This huge event is an opportunity for students to discover ways to connect with Cedarville's campus and serve as volunteers in the local community. You can meet with representatives from local churches and community service organizations, student organizations, student government, The Cove, Centennial Library, Campus Recreation, and more. Come enjoy free food, music, games ... and find ways to CONNECT, SERVE, and GROW!

Discipleship Ministries

While Community Ministries focus on outreach from campus, Discipleship Ministries focus primarily on "in-reach" to campus through the means of prayer groups and small group Bible/book studies. These groups meet weekly throughout the school year and seek to create an atmosphere for spiritual growth through accountability, prayer, open discussion, and loving community. Learn more and sign up September 3–5 in the Stevens Student Center.

cedarville.edu/discipleship

Missions Involvement Services (MIS)

We are committed to providing students with ministry opportunities that reach beyond Cedarville to the "utmost parts of the world." Our MIS program allows you to experience firsthand what missions work is all about. As you go

through the application process, raise support, and train for ministry, you will gain valuable insight into preparing for a cross-cultural experience. On the mission field, you will be guided by an experienced missionary and see God work in ways that will influence your life forever.

Explore your missions opportunities during MIS Recruitment Week in October. Watch your email for additional information.

cedarville.edu/missions

HeartSong Ministries

HeartSong exists to communicate the livable reality of the Gospel as seen through genuine worship. Whether at a large conference or small youth event, HeartSong intentionally balances music, Scripture, and life stories to engage audiences in a way that is distinctively Cedarville. Four teams rehearse approximately six hours a week and travel a minimum of five weekends each semester and 10 weeks during the summer. Due to the level of commitment, a salary is included.

Auditions for vocalists, drummers, keyboard players, acoustic/bass/electric guitarists, and sound technicians take place August 18–20. You can sign up for an audition outside of DMC 184.

cedarville.edu/heartsong

CONTINUING EDUCATION

Cedarville offers a variety of noncredit classes for lifelong learning through continuing education. Noncredit courses do not accumulate toward a degree or certificate but are the same high-quality programs that you expect from Cedarville. They can be useful for career enhancement and personal improvement or taken just for fun. Courses for 2013–14 include EMT, Advanced EMT, Six Sigma Green Belt, and Reading Rate and Comprehension.

cedarville.edu/continuing

CU EMERGENCY MEDICAL SERVICE (CUEMS)

We have the honor of being the first university in the United States to have its own emergency medical service! CUEMS has been providing services to our campus and community since 1968. Students from several majors on campus work with CUEMS. They are all professionally trained EMTs at the basic, intermediate, or paramedic level. They operate their own ambulance (located in the new Health Sciences Center) and respond to all medical emergencies on campus and as needed in the community. CUEMS can be accessed 24 hours a day by dialing 911 from any phone on campus in the event of an emergency.

NEED MORE FINANCIAL AID? CONSIDER ROTC!

Cedarville has strong Air Force and Army ROTC programs. ROTC programs provide the largest individual scholarships at Cedarville. Scholarships typically cover the majority of tuition, course fees, and books, plus a monthly stipend of \$300–\$500 for living expenses.

Initial job responsibilities and experiences are judged by many to be superior to civilian counterparts. Cedarville graduates have been very successful. Both programs provide excellent leadership training, the opportunity to try the program and compete for a scholarship without any obligation, and paths to job opportunities in many professional areas.
